Splendid Trip to Bassano Dam

Sunday morning Strathmore people to the number of about fifty left by automobile to visit the Bassano dam. They were royally entertained by the Bassano Board of Trade, and a splendid day outing enjoyed. The main object of the visit was to view the famous Bassano dam, the site from which the power is secured, which will soon be supplying light and power to Strathmore upon the building of the power line the men are now busily engaged for the United Electrical Engineering Co. Ltd., who hold the franchise recently voted upon. Come and sit down. Have some sandwiches? Can we get you some more tea or coffee? Would you prefer lemonade? Is this the pie you were reaching for? Finish off with a plum. These queries were heard on every hand by the Strathmoreites who were fortunate enough to accept the invitation of the Bassano Board of Trade to visit the "Power City" on Sunday last. The remarks of Mayor Bell, replying to the address of welcome from Bassano, given by Mr. James Johnston, congratulated the ladies of Bassano on their very noble effort to appease the appetites of our visitors. Let us add that although the ladies deny it, they certainly placed wonderful food at the disposal of their guests.

Some fifty people in twenty cars accepted the local Board of Trade's invitation, headed by President, T. E. Wright, and led by Vice-President, R. S. Stockton, with the Mayor and most of the Councilors included.

Mr. Johnston, on behalf of the Bassano Board of Trade, welcomed the visitors to the "Dam Site." He expressed regret that he had not been able to prepare to their satisfaction for the guests.

Mayor Bell, in responding, voiced the appreciation of the visitors for the wonderful reception, bountiful and sumptuous repast. He could not help comparing the activities of the two organizations, and congratulated Bassano in having such active and virile body.

Mr. H. G. Angell then explained that the dam had been of the Engineering type on the American continent. Later he conducted the party under and over the structure, explaining the salient features.

The Mayor and councillors were particularly impressed with the 2500 Horse Power plant. Later on they visited the Natural Gas plant of the Electric Company, and they learned considerable about the generation of power.

The party left here about 9 a.m. augmented by several carloads of people from the surrounding district. All returned safely including Councilor and Mrs. Bailey, who reached home about midnight.

The object of building the dam, which is situated about three miles from Bassano was to raise the level of the Bow River about forty feet in order to secure a water supply to irrigate section of the Irrigation district of the Canadian Pacific Railway.

The structure is 720 feet long between the abutments, with a maximum height of forty feet to the overflow crest, above which eleven feet of water are retained by electricity operated sluice gates to the number of 24. The earthen embankment is nearly 300 feet in length and at its highest point is about 250 feet in width at the base, and contains almost one million yards of earth. The spillway required over forty thousand cubic yards of concrete, and two and a half million pounds of reinforced steel.

Near the immense concrete spillway are to be found the electricity operated headgates of steel and reinforced concrete, through which a discharge into the main canal of 3,500 cubic feet per second.

The main canal carries the water about five miles to a reservoir, from which the water is distributed to two secondary canals, and from their to the distributing ditches aggregating more than 2,500 miles. Water is also supplied from the Bassano dam Lake Newell, at Brooks.

The day for the trip was a delight. No serious mishap occurred on the journey, and all returned happy and most appreciative of the many courtesies extended to them by the members of the Bassano Board of Trade, and looking forward to the time when they may have a return visit from the citizens of the town with the slogan "the best in the west by a dam site."

CANADIAN TRADE WITH THE EAST INDIES DEVELOPING

VANCOUVER, B.C.—Canadian trade with the countries in the Malay and East Indies area, reached a new high last year, according to A. B. Muddiman, Canadian Trade Commissioner in those parts. Exports to Canadian ports to that territory in 1925 were valued at \$7,250,000. This total was largely made up of automobiles and parts thereof, although there was still a substantial trade in manufactured rubber articles, shoes, iron, etc.

Brownlee Government Sweeps the Province

CALGARY—Calgary will be represented by McGillivray and Irvin, Conservative; Webster, Liberal; White and Parkyn, Labor. Hon. Alex Ross was the only U.F.A. Minister to appear in defeat.

EDMONTON—Edmonton will be represented in the next provincial legislature by two Conservatives, Duggan and Weaver, one U.F.A., Hon. Mr. Lyburn, one Liberal, Mr. Freedy, and one Labor, Mr. Gibbs.

PRINGLE BEATS HENDERICK MEDICINE HAT—The second count of ballots was concluded last evening, and as a result Captain C. S. Pringle's return by a majority of 214 was announced.

PROVINCIAL SUMMARY

Farmer	36
Liberal	5
Conservative	4
Labour	4
Ind. Labor	1
Doubtful	10
Total	60

Eleven in Doubt Eleven ridings were still in doubt on Wednesday, in five of which Farmers were leading. Liberals were leading in six of these ridings.

The U.F.A. lead was established in the following: Innisfail, Leduc, Beaver River, Macleod and Stony Plain.

Liberals leading: Athabasca, Bow Valley, Flinch Creek, St. Albert and Victoria.

The U.F.A. has added another member to its cypher, where Hon. Perre Baker's election was conceded.

J. J. Shaw's election in Bow Valley is still undecided.

DOINGS AT OTTAWA

Hon. Mr. Forke has resigned the Leadership of the Progressive party at Ottawa.

Hon. Arthur Meighen has been sworn in as Prime Minister at Ottawa. He will select a cabinet to carry on, members of which will be attending matters only, which will not require that they return to their constituencies for re-election.

Dan Riley, a prominent rancher of High River, has been appointed senator, succeeding the late Sir James Lougheed.

KING ANNOUNCES GOVT'S RESIGNATION

OTTAWA, June 28.—The Liberal government has resigned. Premier King announced today that he had dissolved dissolution of parliament, which the government-general refused. Premier King's resignation was announced the resignation of the government.

Gleichen Riding Provincial Elections

Strathmore Has New Elk Lodge

Tony McKinlay, Grand Organizer for the Elks, has been busy in Strathmore for several weeks organizing a new lodge.

On Wednesday night he was able to present over sixty candidates for the initiation, which was held in the Memorial Hall.

The degree work was carried on by the officers of Vulcan Lodge, accompanied by a large number of Vulcan Lodge members.

The Calgary Lodge expected to take part in the ceremony, but were unable to come on account of the Calgary Carnival, which was still in progress.

The new members were delighted with the work, and are certainly an enthusiastic bunch in regard to the prospects for the success of the new lodge. They are fully confident that Strathmore will soon have a membership of over one hundred and fifty members. In fact a large number of candidates were unable to attend the first meeting.

It is expected that the new lodge will have a visit early in July from the Calgary Elks, accompanied by the Grand Exalted Ruler, Dr. J. L. Gibson.

The Elks are a strong organization for community work, and much is expected in this direction from the newly organized lodge; the first opportunity for which will be in connection with the assistance they may be able to give to the Stampede and Carnival on July 14th.

Officers of Strathmore Lodge:
Past Exalted Ruler—Thos. E. Wright
Exalted Ruler—Geo. H. Jones
Esteemed Leading Knight—A. D. Strathmore
Esteemed Knight—Wm. Gray
Esteemed Lecturing Knight—Sid Moore
Secretary—Fred J. Dunn
Treasurer—Douglas M. Leung
Legislative—Ray Melvin
Chaplain—Alex E. Gray
Raid Guard—A. W. McKinnon
Tyler—Stanley Cullen
Trustees, Ben. Fessenden, Chas. Cowell and A. A. Moore.

JOHN C. BUCKLEY ELECTED ON THE FIRST BALLOT.

The election for the Gleichen riding was a very quiet one, resulting in John C. Buckley getting 1,584 first choices, P. A. Lount 473 and Hugh Miller 728.

The contest was a very quiet one, but at the same considerable work was done on behalf of each of the candidates.

At Irricana, the home of Hugh Miller, the vote stood Buckley 12, Lount 22, Miller 56. At Beiseker, the home of the Liberal candidate, the vote was Buckley 57, Lount 71, and Miller 121.

The following are the returns for the whole riding, first choices, and as Mr. Buckley has a complete majority, Frank Shene, the returning officer, will not have to officiate upon the second choices.

	Buckley	Lount	Miller

BIG STRIDES IN SHEEP INDUSTRY

Alberta is making greater progress in the sheep industry than any other province, according to a statement made by W. H. J. Tidale, assistant general manager of the Canadian Co-operative Wool Growers' Association. In a recent interview, Mr. Tidale stated that the co-operative pool of sheep to receive some 1,500,000 lbs. of wool from Alberta this year.

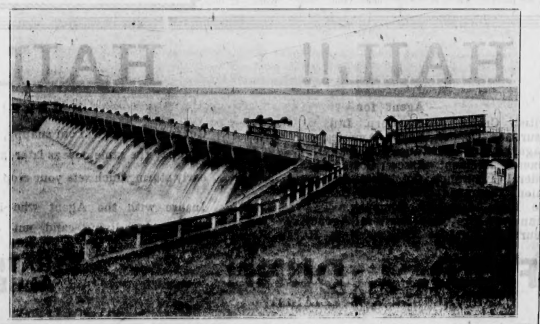

DATES FOR CORN SHOW

The Directors of the Alberta Corn Growers' Association at a meeting held in Lethbridge last week, decided on November 18th and 19th as the dates for the Provincial Corn Show which is to be held in Medicine Hat. An attractive prize list has been prepared with classes for boys and girls as well as for adults. There has been a larger acreage planted to corn than in previous years, and if the season is favorable strong competition is anticipated.

MEIGHEN SECURED A MAJORITY

OTTAWA, June 30.—The new government secured a majority of 32 when the house this morning rejected by 119 to 107 a Liberal sub-amendment to the custom report.

In the division Progressive split evenly. Ten went with the government; ten voted with the Liberals.

SCHOOL COLUMN

During the past two weeks the pupils of the school of Alberta have been writing Departmental Examinations. In the Strathmore School fifty-one candidates have been writing these examinations. Of these thirty-six have been writing High School units, and fifteen the Grade VII examination. One hundred and seventy-seven dollars have been paid in fees by these candidates.

Results will be known about the first week in August. It is possible

that High School results will not be published in the daily papers this year, but that representatives of all schools concerned will be notified of results as soon as they are known.

Next year the school will again be on a six room basis. The present staff has been re-engaged and Miss McInnes, who has been on the staff of the Edmonton City Schools, will be the new teacher.

We wish to take this opportunity of thanking the School Board for their very helpful co-operation during the past year, and to extend to all pupils and teachers of the district, best wishes for a happy holiday.

HEARD ON THE STREET

Fred J. Dunn says Life Insurance is a wonderful institution. It has been known to transfer a dull unattractive woman into a bright attractive and interesting widow.

"Molly has just returned from Banff."

"Did she get brown?"

"No—I think his name was Livingstone."

"How do you do, my dear?" and the pompous old lady to the shy little girl.

"Quite well, thank you," replied the child, politely.

"Then," said the old lady, with a frown, "why don't you ask me how I am?"

"Because I don't want to know," the child answered simply.

Tony Grosvenor says if the newspaper, and the truth the next issue would continue the following items:

"John Deim, the latest merchant in town, made a trip to Beaville on Monday."

"John Cople, our groceryman, is doing poor business. His store is dirty and dusty. How can he expect to do much?"

"Dave Conkey died at his home here Tuesday. The doctor gave it out as heart failure. Whisky killed him."

"Married—Miss Sylvia Rhodes and James Collins, by the Rev. Gordon last Saturday at the parsonage. The bride is a very ordinary girl who doesn't know any more about cooking than a jackrabbit, and never helped her mother three days in her life. She is not a beauty by any means and has a gait like a duck. The groom is an up-to-date hater. He has been living off his old folks at home all his life and not worth shucks. It will be a hard life."

Things That Never Happen: 1. "My price for the suit," said Bill Tierney, "is one hundred dollars, but I'll let you have it for twenty-five."

2. "Another word out of you," cried the hunched husband to his raging wife, "and I'll bounce the coal scuttle off your ear."

3. "Yes," said the great theatrical producer, "I shall close the play tomorrow night. Of course it is making big money, but I feel that it is not real art."

4. "No," said Bill Tierney, "I never caught a really big fish in all my life."

5. "You have seen the house from top to bottom," said Fred Dunn, real estate agent, "and I strongly advise you not to buy it."

6. "Our merchandise," announced the advertisement, "is not so bad. You might possibly do worse."

7. "Nonsense," cried Wilson, the professional pugilist, "I don't want a penny if I win. The fame itself is quite enough."

Essay on Roller Skates by Jimmie Watt: Skates is things you put on your feet with wheels. I heard Pa tell Ma they was h-t on wheels which is what they is less'n you is kareful. Pa hates skates cause I left am in the hall was nite and when he come in he stepped on wun av um and sailed shen through the house and busted h-t outta his sweat suit on the screen on the back porch. Anyways that what Pa see he busted outta his self. Ma see e should not ur oughta said h-t but she didn't hear what else he said. He said dam six times. I don't skate no more. Pa flung the skate he borrowed against the house and raint it. Then he whooped me every time he saw me fer nearly a week.

Advertising notice in a provincial paper: "Possitively no more baptizing on my pasture. Twice in the last

two months my gate has been left open by Christian people and I can't afford to chase cattle all over the country just to save a few sinners."

Melvin says the fellow who makes speed while driving on a slippery road doesn't have a whole lot to worry about who is to care for him in his old age.

George Anderson says that the best way to cure men from believing in devils is to make them marry one of them.

TO AN ABSENT WIFE
I've drunk your health so often,
These weeks I've been alone,
I've drunk your health so often,
That I have wrecked my own!

EVERY ROOF IS SHINGLED
Shingle belles, shingle belles,
I single all the way;
All the better shops are busy,
It's the funnest day today.

Shingle belles, shingle belles,
Right close to your door;
Oh what it is to know
There's that such less to comb.

"It was the old, old story," sighed the pretty wife on the witness stand in the divorce court, "a horse and a jackass can never agree."

"Can't call me a horse," roared the husband, as he shook off his attorney's restraining hand.

Teddy Prendergast: "Engaged to four girls at once? How do you explain such conduct?"

Jack Taylor: "I don't know. Capital must have shot me with a machine gun."

Pete Teller remarks that: Elitiquette books say: That people of good breeding wear clothes that are inconspicuous.

A girl I know
Must be awfully wellbred
I don't see her on the street
And her dress was so inconspicuous.
That it wasn't until I was real close
That I could say for sure
That she had one on.

Fred Anderson tells of a man who has been a summer widower ten days, and has not had to wash a breakfast dish. He drinks milk out of the bottle.

Bananas are eaten from the peeling and breakfast is over. And everybody knows a coffee pot should never be washed.

Two little Strathmore girls were comparing notes.

"We had chicken four times last week," said one.

"How extravagant!" said the other.

"Oh, no," replied the first, "It was the same chicken."

First lady: "How can I make my husband jealous?"

Second lady: "Why, you old-fashioned thing, divorce him!"

Landl remarks that whenever you go to the Memorial Hall and see a couple yawning between acts you can bet dollars to dimes they're married.

Friend—Watch Melvin, he never yawns.

Gabriel: "I've just come down from heaven to announce the millennial age. Death is henceforth abolished. Isn't that wonderful news?"

Peasimist: "It's such luck! And I was just getting a good start in the undertaking business!"

Constable Tate: "What are you doing here at three o'clock in the morning?"

Resident: "I forgot my key, officer, and I'm waiting for the children to come home and let me in."

John C. Davis of Ardmore who was in town on Saturday, says he can't understand these "Wops"—if they

would furnish nice cozy chesterfields instead of such close fitting chairs, the guests would feel much more at home. Often he would run over three times a week, but with the service furnished he contents himself by coming only twice a week. Moral, get more chesterfields.

Percy Parish says it must tickle a husband when he comes home and friend wife announces she has something she wants to talk about. He thought she generally wants to talk about scolding she hasn't got. Funny what queer ideas some of these old bachelors get.

BUTTE PLANT WILL MAKE HORSE MEAT

A new meat industry, which it is predicted may reach a million dollar a year turnover, has been established at Butte to clear the ranges of the state of worthless mustangs, and convert them into a commodity for shipment to European countries, where it is said to be in large demand.

In France and some other European countries horse meat long has been in general use. The Montana Horse Meat Products company, composed of Butte men, has built a modern plant in that city, and has been buying the horses and turning them into canned goods for the delectation of Parisian tastes.

Besides bringing in revenue of substantial magnitude to the state, this concern will benefit those sections from which the bronchos and cayuses are to be removed. At present the scrubby horses, eat the range grass that would support large numbers of cattle and sheep, and they are of no use to anybody. The large number of men to be employed at the Butte plant will put a good deal of money into immediate circulation.

Besides the meat, the hides, hooves and other parts of the animals will be used in the manufacture of bi-products. Fertilizer, bone ornaments, but tons, slaughter and disposal of 30 horses an hour when it is running at maximum efficiency. This concern will maintain the continued growth of special industries in the state and the steady trend to the utilization of every economic resource it contains.

We'll Bake FOR YOU!

It takes tiresome preparation, with a hot oven going, doing your own baking is anything but pleasant summer day's task. Far more sensible to let us serve you daily with delightfully tasty Bread, Cakes, etc.

WHAT ARE
YOU DOING
ABOUT STAMPEDE?

Two weeks from today and the big Stampede and Carnival will be in full swing. What are you doing to help make it one grand success?

The committees that have been appointed are doing all that they can to make it a real winner, but they require the financial and moral support of every citizen to carry on the work to a success.

Don't sit back and "let George do the work."

The Stampede and Carnival is primarily not on with the object of giving the people of the Bow Valley a real day's sport and holiday; getting the people together in the most friendly spirit, which has beneficial effect upon the future business of the town. If the visitors enjoy themselves while holidaying here it goes a long way towards having them select this town as their trading centre, hence it is especially to the interests of every business man to put their shoulder to the wheel and help to make good.

The objective is to make some real money in order that the debt on the Memorial Hall may be liquidated, if possible in full, but in any case that a material reduction be made in order that the soldier boys may not be burdened and worried financially.

The Memorial Hall is a community proposition, and it is the duty of all to help to place it in a proper financial condition.

If for any reason you cannot do much financially, each and every one can get out and boost, and also spare some time in connection with making the Stampede and Carnival the real success that it should be.

It does not take any special ability to sit back and growl and criticize those who are doing the best they can to develop a winner.

Everyone who does his best will feel better when it is over. Get busy and come on in and help. Everyone—this means you. LET'S GO.

ELECTRICAL COMPANY
ENDEAVORING TO
SERVE THE PUBLIC

Many people have the viewpoint that all that the Corporations have in sight are dividends.

This is a very often an exaggerated viewpoint is proven by the many acts of service that the same corporation performs and are accepted by the public, without the slightest acknowledgment or appreciation.

The course that a corporation pursues, mainly depends upon the outlook of the manager and the Board of Directors, and the wise ones have long since abandoned the "public be damned" attitude, with the result that they create a real value in the good will in connection with their franchise, that cannot be obtained under any other policy.

In the franchise recently granted to the United Electrical and Engineering Co. Ltd., it does not carry with it any obligation to bring the power to certain outlying points, and yet the Standard has been informed that Mr. R. A. Brown, general manager, at no little expense to his company has very generously made arrangements to carry the service to many residents who otherwise would have been unable to secure it.

This means an expenditure that cannot earn anything upon its cost for many a day, and certainly should be appreciated by the people who are thus being served.

BROWNLIE GOVERNMENT
HEARTILY ENDORSED
ON MONDAY

The election held on Monday was Premier Brownlie's first appeal to the people, and the hearty endorsement he received should very much encourage

age he and his associates for the ensuing legislature.

The campaign, with few exceptions, was conducted without the usual slanders and abuse, which may be attributed in a great measure to the three leaders, each of whom are outstanding men in the province, and a credit to the parties which they had been chosen to lead.

There was an immense amount of handling with financial figures in the campaign just ended, which it was very hard for the average elector to follow and place the responsibility for the same.

Now that the Brownlie Government will continue with the privilege of carrying on their work as they have been planning, they will be held responsible during their term of office for their very act, and for the financial results that ensue.

With the opposition lead by Jos. T. Shaw and A. A. McGillivray, there will be ample room for constructive criticism, which may materially help the Government in only placing effective legislation, which will be to the material advantage of the people of Alberta. The work of the Brownlie Government will be much easier this term as most of its supporters will have had the benefit of the experience obtained during the last legislature.

The Government have ample machinery to carry on their work without serious handicap from the opposition.

EDITORIAL NOTES

President J. Jones and Secretary Fred J. Dunn may very well congratulate themselves upon the success of the first playing match, which was held on June 16.

What about getting a Seed Grain and Poultry Exhibition under way for the Fall or early Winter?

As soon as the Stampede and Carnival of July 14 has passed into history, a date should be arranged in order to give exhibitors time to make arrangements and bring their poultry stock along under the best conditions.

Dick Congrave is keeping busy making arrangements to get a fine line of stock for the Stampede on July 14. He has his "pigeons" on a number of bad actors among the outlaws that will test the best of the riders.

LANGDON

The name of Miss Alice Dean was omitted from the list of Normal graduates. We regret this and congratulate Miss Dean on her graduation.

Group number four of the W. L. under the able leadership of Mrs. L. Little, gave a very successful grand party at Mrs. R. Cowen's beautiful home on Friday evening. A large crowd reports a splendid time, and the group added \$50 to the W. L. building fund.

Oddfellows, Tebebeah and their families, to the number of seventy or more, held their annual picnic at St. George's Island June 27th.

Mr. and Mrs. E. Armstrong and family, who lived in Calgary all winter, are returning to their farm home near Judas this week.

Mr. B. Rotford, secretary of the Agricultural Society, was a business visitor to Strathmore last Monday.

During the storm Thursday afternoon, as M. and Mrs. Nichols were driving through the field, lightning struck them, stunning Mr. Nichols, but severely burning Mrs. Nichols who also received a terrible shock. A private party was in attendance, and she is settling along as well as can be expected.

FIXES THE DATE OF
THE END OF THE WORLD

CHICAGO, Ill.—Professor F. R. Moulton, of the University of Chicago, has fixed the date of the end of the world. There is no longer any cause for alarm. You may figure it out yourself, he says, like this:

The earth is two thousand million years old. The average life of such a planet is a thousand times a million times a million years or 1,000,000,000,000 (one quadrillion) years. So it will go on whirling on its orbit for another 500,000 times as long as it had already whirled.

And when that time comes the sun will get too close to the planet and puff; that will be all. Just like the snuffing out of a candle it will melt and be destroyed.

Discussing the universe before a group of students last night Professor Moulton pictured it as a vast space, 20,000 light years from top to bottom, and 200,000 light years from end to end—a watch-like disc. Light years are based on the travelling speed of light 185,000 miles a second.

UNBREAKING THE NEWS

Clancy—"Mrs. Murphy, your son Billy has just fell off 'n' scalding and hit himself!"

Mrs. Murphy—"Merciful heavens! Clancy—"Aiy now! 'Tis only his leg that's bruk, and it's glad ye will be to hear it whin ye thought he was killed entirely!"

Forty tons of Alberta honey, the sector of clover and alfalfa fields, have been handled by one wholesale firm. This firm paid out \$12,000 to three honey producers of the Leithridge district, the Reid, Rose and Kerr aparies. The Reid aparies produced 62,000 pounds of honey alone in 1925, valued at \$9,000.

EXPORTS TO THE ORIENT
STEADILY INCREASING

Vancouver, British Columbia.—Exports to the Orient in the form of grain, flour dressed meats and motor cars, are steadily increasing in volume, and trade with Australia has been considerably stimulated by the trade arrangements with that Dominion," according to Grant Hall, Vice-President of the Canadian Pacific Railway, who visited Vancouver during the course of his inspection of the company's system.

QUINTUPLETS

MILDMAY, Ont.—John Deig, of Carleton place is the owner of a cow which gave birth to five fine lambs last week. All the offspring were perfectly developed and of normal size.

Locals

"Jim" Weir purposes spending his two week vacation in Vancouver and Victoria but a number of his young friends have concluded that he will arrive back long before the two weeks have ended. Wonderful how very attractive Strathmore is to some people, and how long the time will seem to some people while "Jim" is foisting around English Bay at Vancouver. Melvin says he understands perfectly how they both feel about it, and it is no joke to feel so lonely.

Hogs sold in Calgary for this season at \$14.20, while the same were last year they only brought \$12.50.

The work of Principal R. L. Whittier and his staff has been so satisfactory to the School Board that they have all been reappointed for another year, to gether with one new member, Miss McInnis, of Edmonton.

What are you doing to help the Stampede and Carnival? Volunteers are needed to put in the posts at the Stampede grounds. There will be a parade with diggers on Friday night. Give the boys a helping hand. Those E. Wright says it will do you as much good as a game of golf. It will be worth the price of admission to see Tommie instructing the amateur diggers. He claims that he can dig twice as many holes in an hour as Dick Cosgrave and a lot of the fellows are willing to bet their money on Dick. Everybody come. No entry fee.

Bob Anderson was a happy man on Tuesday. He has been agitating for an increased appropriation for the horse races, and finally succeeded in prying off an extra twenty-five dollars from the hard shell stampede committee. This extra amount allows Bob to fix up to or three events and make them worth while. It also allows him to put on a Staidling pony race for riders 12 years and under, which will give the youngsters a chance to test the speed of their favorite racing Tom Thummes.

The Public Works Committee asked for tenders for road work, and awarded same to John Cleve for the work near Springhorse and the stockyards and the stockyards, graveling and repaving the road out as far as Dr. Harries residence at a price of \$865.50. Some of the tenders ran as high as \$1075. Councillor Bailey was in his office that the tender ran so close to his original estimate of \$874, and also that this very necessary piece of work was going to be completed.

Harry Thorburn, of the Strathmore Hotel, and his brother, W. J., of Calgary, left on Tuesday to spend a vacation at Carbon.

S. H. Crowther, of the Strathmore school staff will spend the two months vacation at the University of Alberta.

A farewell social in honour of Mr. and Mrs. John Mackenzie will be held in the Memorial Hall on Friday night at 8 p.m.

Mr. Len Moore, of Calgary, visited his brother over Sunday and Monday. Mr. and Mrs. John McKay were called to Vancouver, where their son Fred was seriously ill, last week. Mr. McKay has returned and reports that Fred is getting along nicely, which their friends will be glad to learn.

Mr. and Mrs. Harold Morse are receiving congratulations upon the arrival of a ten pound daughter on June 28th. Harold was strutting around on Tuesday looking quite cheery.

Cliff Gifford, while hauling a load of lumber, was felled off the wagon, the wheel passing over his shoulder. It was feared that he was badly injured, and Dr. Gifford was immediately called. The young man is now at his father's home, and is making a nice recovery from what might have been quite a serious accident.

R. D. Wagner, Chief Electrical Inspector for the Province of Alberta, has been in town checking up the work being done by the United Electrical Engineering Co. Ltd., in the installation of the power line from the Bassano Dam.

C. W. McMillan, of Calgary, was a visitor in town this week.

The many friends of Bert Huffman will be pleased to learn that the story that was published in the Calgary Herald that Bert Huffman died in California was not the popular and versatile writer of Langdon.

TO OUR READERS

The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. Readers in the surrounding districts are especially invited to send us news. We want to cover the whole Bow Valley. Make the Standard and Your Home Paper.

Harold Smith says some people are awful superstitious, especially so are "crap shooters". Two of his friends were going to have a little game and one of them insisted on using an ill, which worked satisfactorily once. They strolled over the prairie, and one of them endeavored to get another little game on, but without result. They marched along for some time and again the subject of another little game was suggested, but with no better results. Then replied the unfortunate one, you can carry your own evil. Grogan cannot understand why any fellow would haul an axvil all over the prairie and not win.

Harold Smith has quite recently become quite a student of human nature. He finds that some people are so crooked that they would steal the cream out of the coffee, others as small as a mosquito's eyebrow; he has also found others who are so nervy that the would attempt to give a fish swimming lesson, and he discovered some that are as useless as a flapper on a Cheadle farm. It is certainly a most interesting study, says Smith.

The U.F.A. Local annual picnic will be held at the Picnic Grounds at the River, being done by the July 2nd, as previously announced. Watch for further particulars.

ROCKYFORD

On Sunday, June 27, Carbon baseball team visited Rockyford and were defeated by the local team in a very good game, the score being 19-5. Champagne pitched a splendid game for Rockyford, in fact played a splendid game throughout. Ralph Knight has returned to the Rockyford team. Another, Wise was especially good. It would seem that the Rockyford team is again coming to its true form.

On Friday night following the Baintree sports, a most enjoyable dance was held in the Rockyford Town Hall. The July Boys' orchestra furnished the music.

This week there will be plenty to do as a good many places are holding sports: Nightingale on June 30th, Carbon and Hanna on July 1st, on what day Rockyford plays Carbon a return baseball game.

That the results of the election were a surprise is proved by the fact that one of our local Scots, no less than Jimmie Burns himself, tells us that he lost a dollar on it.

Mr. Hirtle is at present busy building the new brick municipal office. Another Strathmore man on the job is Mr. Black.

Mr. T. Hirt will be shipping a carload of hogs on July 6th.

The next meeting of the Rockyford Ladies' Club will be at the home of Mrs. Cammascott on July 5th.

Crops are looking very well, especially on fields which were irrigated early. Wheat is heading out, and the warm weather following the flood rains is busy bringing on the late stuff. Alfalfa cutting is in full swing. On June 16th, at Kimberley, B. C., a daughter was born to Dr. and Mrs. Tunn.

ROCKYFORD UNITED CHURCH NOTES

Next Sunday the newly appointed minister to our church, Rev. C. Hocken M.A., B.D., will begin his service at Crowfoot, Jarvis, and Rockyford. Mr. Hocken comes with a reputation, highly spoken of, and we would urge for him a warm-hearted welcome into our midst. Let us make his first Sunday a day to be remembered. Be on time, bring a worshipful spirit, and we shall profit by the music or God's house, and the message of God's servant.

FIFTH ANNUAL TOUR TO THE PACIFIC COAST

Special Train Leaving Winnipeg July 5th, via Canadian National Railways. Entertainment Provided at Various Points of Interest en Route.

PERSONALLY CONDUCTED

Following the close of school for the summer holidays, the Canadian National Railways will again operate its popular "personally conducted" tour to the Pacific Coast. This will be the fifth of such tours.

This mode of travel has many advantages. In the first place, it is planned with a view to including in the itinerary the most interesting points, which, with the other arrangements that are made, obviates the necessity of the passenger worrying about connection, sleeping car accommodations, meals, and entertainment en route. This is all done in advance by experts, leaving the passenger free to enjoy to the full the scenery and attractions attendant to such tours.

The tour this year will commence at Winnipeg, from which point a special train of modern sleeping car equipment, dining car and radio observation car, will leave July 5th. After stopping at various points of interest, the train will arrive at Prince Rupert on July 10th. At this latter point the party will embark on a palatial steamship for a cruise of 550 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver, those who desire to make a trip to Victoria may have their tickets read "Victoria" as their destination without any additional cost. The local agent of the Canadian National Railways will be pleased to give you full particulars of this tour.

Baintree Sports

The Baintree sports were held on Friday, June 25th. The day being fine quite a good number came for the event.

Girls' race—1st, Mary Culbert; 2nd, Berp Jacoba.
Boys' race—1st, David Longbottom; 2nd, Leonard Edgar.
Orange race—1st, Harvey Birt; 2nd, Allen McKeehan.

Men's standing broad jump—1st, Fred Schaffer; 2nd, T. Longbottom.
Ladies' 50-yard dash—1st, Mrs. C. Kinnett; 2nd, Mrs. P. J. Lyons.
Sull case race—1st, Stanley Birt; 2nd, L. Danmore.

Needle and thread race—1st, Mrs. C. Kinnett; 2nd, Mrs. Billy Bell.
Egg and spoon race—1st, Mrs. C. Kinnett; 2nd, Mrs. V. Dougan.

The baseball match played between Strathmore and Rockyford, resulted in a win for Strathmore 16-0.
The ladies basketball game played between Nightingale and Strathmore resulted in a win for Nightingale 7-6.
The dance which followed the sports was held in the Rockyford Hall and was well attended.
The proceeds were in aid of the Baintree Community Hall.

THIRTEEN SONS WERE KILLED IN THE WAR

ST. CATHERINES—Word was received here by Percy Walker that his parents, Mr. and Mrs. George Walker, aged 81 and 82 years, respectively, were appalled by the news that in their room at a hotel in Seven Oaks an English town, Percy Walker, who lives here, and a brother, are the only survivors of fifteen sons. Thirteen being killed in the war. Percy lost five sons.

SWEEPING REDUCTIONS IN FORD PRICES

Coincident with the reduction in the price of Ford cars and trucks in the United States, the Ford Motor Company of Canada, Limited, announces the following prices, effective June 19.

In addition to these drastic reductions, all models quoted below, except the truck, are now standard equipped with self-starter and balloon tires.

Model	New Price	Savings
RUNABOUT	\$460	\$50
TOURING CAR	480	50
SPORT ROADSTER	555	40
COUPE	610	50
TUDOR	625	60
FORDOR	690	55
CHASSIS	370	40
LIGHT DELIVERY	470	60
LIGHT DELIVERY VAN	525	50
TRUCK, non starter	395	50
TRUCK, self starter	460	65

Ab. ve prices at factory. Freight to point of delivery and sales tax extra

These reductions are made absolutely without sacrifice to the traditional quality and durability of Ford products. They open the way to car ownership to thousands of Canadians who have not previously been afforded the comfort and economy of personal transportation.

See your local authorized Ford dealer today. He will gladly demonstrate the model you are interested in and explain convenient terms of purchase.

PLAYING SAFE

"Rastus, how is it you have given up going to church?" asked Parson Brown.

"Well, sah, replied Rastus, 'It's dis way. I likes to take an active part an' I used to pass de collection basket, but dey's give de job to Brothah Green, who jest returned from Orvah thailah'."

"No, sah, I reckon he got dat job in rection o' his having lost one o' his hands."

FREAK TWINS

SOUTH BEND, Ind.—Twins born at South Bend, Ind., have been named Lucy and Bessie. They are the children of Mr. and Mrs. Nicholas S. Medich. They are joined together at the abdomen. X-ray pictures reveal that they have two hearts, maybe two sets of lungs and one of abdominal organs. They have two legs and two arms each.

WERE CHINESE FIRST SETTLERS ALONG B.C. COAST

VANCOUVER.—Following upon recent assertions that Chinese settlement were established upon the Pacific Coast and that a Jewish civilization existed in the southwestern United States centuries before Columbus discovered America in 1492 comes in that city, British Columbia were brought into Chinese-Jewish influences between 1100 and 1600 A.D.

This possibility was cited by Van T. Shindler, chief factor of Post No. 3 of the Native Sons of British Columbia as one of the reasons why the provincial department of education and the University of British Columbia should conduct archaeological investigations.

"There exists in British Columbia a record of civilization that goes back into the mists of antiquity," said Mr. Shindler.

Professor Lejane, of Kantoque, a pioneer missionary of British Columbia and probably the foremost linguist of native dialects," continued Mr. Shindler, "reports that words of Hebrew origin are to be found in the majority of languages in this province."

"Among the Tsimshians, Indian tribe, investigations show, were such customs as the burnt offering of food and fasting from the going down of the sun on one day to the going down of the sun on the next in time of national distress, while purification rites similar to those of the Jewish people in olden times were customary in the tribe."

"The theory has been advanced that following the establishment of a large Jewish community at Kaifeng in China, remnants of which exist to this day in that city, Chinese expeditions, following the footsteps of Hooy Shin, who is reputed to have come to the Pacific Coast in 498 A.D., brought with them the adventurous Jewish traders. Certain of them may have remained here, and any ceremonies peculiar to them would be copied and preserved by the natives."

STANDARD

Mr. and Mrs. Knowlton returned from their vacation on Monday. While in the East they visited Prince Edward Island, Halifax, Montreal, Toronto, and other points on the coast. They found the spring very late in eastern Canada and as a result the crops were very backward.

Miss Ritey, who has been teaching at the Hotel home during the school year left on the Trans-Canada on Saturday for her home in Middleton, N.S., where she will spend her summer vacation.

Magnus Neilson has been having extensive alterations made in his pool room and barber shop, and can boast of a first-class establishment now. Magnus is to be congratulated on his excellent management of his pool room.

Mr. H. C. Farthing left for Calgary on Saturday, where he will join the party of Sun Life Assurance Agents and Executives who will leave on the special train Monday morning for the coast. Their convention will be held at the Empress Hotel in Victoria, and will last for a week. Mr. Farthing expects to spend some time salmon fishing on Vancouver Island before his return.

Mr. Anton Sorenson is having a new barn built. Mr. A. Simonsen is the contractor.

A committee meeting of the Union Church Ladies Aid was held at the home of Mrs. L. M. Christensen last Tuesday, when final arrangements were made for the serving of refreshments on the Sports Grounds, July 1st.

We regret to report that Mrs. Lars Rasmussen has been confined to her bed with a severe attack of inflammatory rheumatism.

Reverend and Mrs. Modias Christensen and small daughter were the guests of Mr. and Mrs. Jens Rasmussen last week. They left on Monday of this week for Harlan, Iowa, where Reverend Christensen has accepted a call. We wish them every success in their new field of work.

Mrs. Willard McDowell has returned from Gleichen, where she underwent an appendicectomy operation. We are glad to report that she is recovering as well as can be expected.

It was with regret that we learned that it was necessary to take little Doris Anderson back to Calgary to receive medical treatment. We were of the opinion that Doris was well on the road to recovery. We do hope that her complete recovery will speedily follow her new treatments.

Mr. Willie Myrth is holidaying in the States.

Mr. and Mrs. E. A. Wagner and family left Wednesday noon for a six weeks motor trip through the Central States. They are going through Montana to Des Moines, Iowa, and then from here to South Dakota, returning via Minnesota. We wish them a pleasant trip and a safe return.

After a strenuous week of examinations, the high school pupils took a day off on Saturday and drove to Bow River, where they held their annual picnic.

Chancellor football team were visitors to Standard on Friday evening of last week. Mr. J. F. Gorrill acted as referee. The score resulted in a tie 1-1.

Mr. L. C. Peterson has taken the Nash agency, and has a very fine car on display.

An addition is being built on the Long Beach beach.

The Misses Marsha and Cordie Peden spent the week end with Mr. and Mrs. Wirt.

TO OUR READERS

The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. Readers in the surrounding districts are especially invited to send us news. We want to cover the whole of Bow Valley. Make the Standard and Your Home Paper.

Mr. and Mrs. N. W. Thompson were visitors to Calgary last week.

A large number of Standardists have expressed their intention of attending the Calgary Stampede.

Several parties of pioneers visited Bow River last Sunday.

WILLS AND TRUSTS

Make a will and you will be assured that your dependents will receive the property intended for them.

Create a trust and you are making certain that your intentions will be carried out. We act as Executors and Trustees.

THE TRUSTS & GUARANTEE COMPANY, LIMITED
200 Eighth Avenue West, Calgary.
